## Buche Kombucha

Whether fruity-floral, mineral, smoky, or lightly citrusy – our PROXYS have many facets and are perfect non-alcoholic dining companions.

They are based on our kombucha ferment and are refined with natural extracts of spices, flowers, and roots. This gives them an aromatic acidity and a layered character that recalls the complexity of traditionally crafted wines. Perfect for anyone looking for a sophisticated non-alcoholic food pairing and a unique alternative for toasting.

### Melon Szechuan | Pet Nat Fl. 0,75l 44

This Kombucha combines fresh cantaloupe melon with spicy Szechuan pepper, resulting in a rich and full-bodied taste with a fizzy mouthfeel. The Kombucha Pet Nat initially impresses with fruity-floral aromas that transition to citrusy nuances before ending on a slightly mineral note.

### Hibiscus | Pet Nat Fl. 0,75l 44

This Kombucha combines the fine harmony of hibiscus infusion and jasmine tea as well as Idaho7 and Amarillo hops to create a dry, sweet and fruity character with a floral background and aromatic acidity.

### Proxy • A | Still Fl. 0,75l 48

A unique blend of smoky oolong and distilled fig leaf for a smooth and buttery taste with a salty finish.

### Proxy • B | Still Fl. 0,75l 48

This drink is made with natural regional ingredients such as quince, walnut and meadowsweet, resulting in a wide-ranging aroma ratio. Flavor nuances of fruitiness, sourness, tobacco notes and white tea.

### Proxy • C | Fizzy Fl. 0,75l 48

A carbonated, fermented tea infusion with genmaicha, sencha and kaffir lime leaves. Genmaicha combines Sencha with roasted rice, which adds nutty, earthy notes. Sencha provides a fresh, slightly sweet base. Kaffir lime leaves bring a tangy, floral citrus flavor that enlivens and refines the blend.

## Sparkling Tea

The combination of Nordic innovation and Asian tea traditions results in a sparkling drink based on organic teas.

### Lysegrøn | Sencha, green tea, citrus Fl. 0,75l 52

Lysegrøn has complex aromas of citrus fruits, green tea, apples and has an animating minerality. The taste is lively and elegant with notes of citrus fruits such as mandarins, lemongrass, Earl Green Sencha and orange peel.

### Blå | Jasminetea, white tea, Dajeeling Fl. 0,75l 52

A broad spectrum of 13 teas. Fresh and lively with floral aspects, jasmine and camomile.
